There was a good attendance at the pigeon shoot at Mr. H. S. Woodruff's farm yesterday afternoon, and a number of good marksmen were present from Whitewater, Woodstock, Koskemonong, and other places, and some good scores were made. Very few birds succeeded in getting away, and the skirmishers who were after the wounded or escaped pigeons did not succeed in capturing very many.

An adjournment meeting of the Janesville Anti-Horse Thief Association was held last evening, in the agricultural rooms of the courthouse, but very little business was transacted. The bonds of the elective officers were presented and approved. A resolution was adopted imposing a fine of one dollar on members who fail to attend the regular meetings. The association adjourned until June 15th. The membership is now about our hundred and fifty.

Quite a large number of ladies and gentlemen assembled in the armory of the Juncerville Guards, last evening, to witness the annual inspection of the company by Adjutant General Chandler P. Chapman, of Madison. Fifty-two members of the Guards appeared, twenty-eight in dress uniform, and twenty-four members appeared in the fatigue dress of the company. After the inspection, Captain Doe drilled the company, then in dress uniform, in presence of the Adjutant General, who carefully noted every movement. The Guards did not execute some of the commands with their accustomed accuracy, and as a whole, the company appeared to be a "little off," especially on the wheel movements by platoon and company fronts. Nevertheless the company made a splendid appearance, and Captain Doe appeared to perfectly understand his new position, and went through the "manual" with the perfect coolness of a veteran of many wars.

Modern Advancement.

Our attention has been lately drawn, by personal experience, to Dr. Bigelow's Patent Cure for catarrh, colds and consumption, and all throat and lung diseases. It is a scientific compound of rare merit, the production of the researches of an eminent physician and two practical chemists of laboratory experience of fifty years. It is an unequalled modern production.—Exchange. Trial bottles free of Stearns & Baker.

DISASTROUS BLAZE.

Two Dwelling Houses Destroyed by Fire This Morning.

Good Work Performed by the Fire Department.

Loss Estimated at \$2,000—No Insurer.

At 9:45 o'clock this morning the alarm of fire was struck on the west side engine house bell, and was quickly responded to by the entire fire department. The fire proved to be in the dwelling house of Mr. Burr Hanson, on North River street, next west of the River street railroad bridge. The house was all enveloped in flames when the alarm reached the fire department, and the house on Franklin street in the rear, was also wrapped in flames in the roof and rear of the kitchen. Four powerful streams of water were put upon the burning buildings in quick time and the flames were soon extinguished, but both buildings were almost a complete wreck from fire and water. Both the houses were owned by Mr. Hanson, he occupying the one on River street, which was a two story and basement, and the Franklin street house, which was a story-and-a-half building, was occupied by Mr. John Ose, a member of Rescue hook and ladder company. Nearly all the furniture in both houses was saved, but some of it in a damaged condition.

Y. M. C. A.—Regular Sabbath afternoon meeting at 3:00 o'clock, in the Y. M. C. A. room. All are welcome.

After suffering for nearly two years with a continuous attack of rheumatism, after trying almost every specific, domestic and foreign, which the crudity of a man was or could, might lead one to trust in, Mr. A. B. Davenport, of 367 Fulton street, Brooklyn, N. Y., at last found a remedy in Athiphores, which, to use his own words, "proved in good degree a renewer of my former vigor and strength so that I almost youthful activity."

THE COURTS.

CRIMINAL COURT.

The jury in the case of Henry Palmer against E. Burdick, and others, brought in a verdict for the plaintiff in the sum of \$864.55.

A divorce granted in the case of Alice Miles against Winton E. Miles. B. F. Dunwidde, Esq., appeared for the plaintiff.

The case of Eli R. Liftingwill against John Liftingwill is now on trial, which is to recover possession of a certain colt, which plaintiff claims he bought of Louis Liftingwill while plaintiff was at minor, but when he came to look for his property, it was sold. It seems the number and kinds of trades made with that colt have been many and various, and it will be the "comittee" pronounced to the jury, what became of the "boy's colt?" Buckley & Wickham for the plaintiff and John C. Root, Esq., for the defense.

MUNICIPAL COURT.

notice was given in the municipal court this morning that a suit for civil damages of Norman B. Taylor, an infant, by Isaac G. Calhoun his next friend, against D. Schofield, had been settled. This is the end of the recent shooting case in the fourth ward.

A small boy was noticed on Franklin street carrying a little paper box, when a sackman asked him where he obtained it. The boy explained that he found it in the burning building and landed it over to the custody of the sackmen, when he opened the box he was astonished to find that it contained a number of choice little trinkets and the sum of fifty dollars in small gold coins. It seems that this house would have been a regular "picnic" for a burglar, had they been informed of the contents of the box.

There seems to have been a great deal of unnecessary delay in giving this alarm to the fire department. Men on the corn exchange square saw the flame and smoke appearing above the railroad embankment, but thinking it to be a bonfire, or the burning of some rubbish, did not pay any more attention to it. Others seeing the huge cloud of smoke from Franklin street, started to run to the vicinity to ascertain the cause. Foreman Eller, of engine company No. 1, seeing the smoke from his shop, on the same street, hurried to the engine house and gave the alarm. People in the neighborhood of the fire were trying to remove the furniture, but no one seemed to take the responsibility to send the alarm to the engine houses, and the fire must have been under way some time before the alarm was struck on the fire bells. The fire must have originated in the wood shed of the River street house, as in that portion of the building appeared the greatest body of fire.

REPORT OF DAMAGES.

Dear lady, there is probably no use telling you that fashionable life in a great city is a rough one on your beauty. Late hours, loss of sleep and mental excitement will leave you by and by shorn of those beautiful tresses which draw lovers around you in other years. Artificial substitutes can never be fit for those rich and glossy locks. Parker's Hair Balsam will stop your hair falling out, restore its natural color and softness, and prove cleansing and beneficial to the scalp.

Prentice & Evanson, opposite postoffice, 5th Street.

Caresy, who is postmaster at Gonzales. Mr. Caresy will be remembered by many readers of the Gazette as an old resident of Rock county. He resided in Beloit for twenty-five years; he writes that he has many warm friends there and cherishes a particular attachment for the founders of Hoppy Hollow. —Dr. Seth St. John, of Chicago, is in the city visiting his sister-in-law, Mrs. J. W. St. John. We publish this personal item that our citizens may be on the lookout when meeting the doctor on the street, and not grasp him with warm familiarity, thinking they had the hand of the veritable Dr. J. W., for they would be mistaken and would be in an attitude which would require an apology.

Others have been in this perplexity before. Two pots never looked more alike than these two brothers. They are split specimens of the physical man, and are as strong in heart and generosity as they are in bodily vigor.
